

‘LIVING WITH WILDLIFE’ PRESENTATIONS WITH THE SPCA’S WILDLIFE DEPARTMENT

HUMANE HABITAT PRESENTATION \$75

Creating a Humane Habitat is a series of events to make a space that is friendly for all, including wildlife and humans. Learn how you can create a Humane Habitat through a presentation with a wildlife educator. We want everyone to get involved in this county-wide project -- individuals, families, schools, offices, libraries, churches, scout groups, 4-H groups, and more!

“I STARTED A HUMANE HABITAT AND IT FEELS GOOD TO GIVE BACK TO NATURE.”
– ANDY K.

Call Barb Haney at 716-799-8653 or email at barbh@spcaec.com to schedule an event!

WILDLIFE AMBASSADOR PRESENTATION \$100 - \$120

This is a 45 minute to 1 hour presentation. Meet one or two of our wildlife ambassadors while learning about living with wildlife. This presentation gives a brief history of the humane movement and helps us understand our impact on wildlife and how to decrease the conflicts that can arise. This presentation is highly entertaining and the wild ambassadors also help us to understand the natural history of each animal: American Kestrel, Eastern Screech Owl, Wood Turtle, Corn Snake, or other bird of prey.

“MY STUDENTS LEARNED SO MUCH FROM MS. HANEY’S PRESENTATION...AND SO DID I!”
– KATELYN B.

TABLES/EVENTS

We will host a table at your event to introduce the public to the Wildlife Department and a variety of wildlife related topics.
